Re: Application of Antioch Water Company to Increase Its Rates
Docket No. 99-00584

Dear Mr. Parrish:

By letter dated September 22, 1999, we asked that the Company furnish additional information to clarify its rate increase petition. We requested that the information be provided to the Tennessee Regulatory Authority by October 8, 1999. It is my understanding the request was forwarded to the Company's CPA, Jerry Bailey. I received a call from Mr. Bailey on October 1, asking for additional explanation of several of the requests. On October 26, I again spoke with Mr. Bailey. He said he was still working on the responses and hoped to have them to you by November 1.

It is now a month after the requested response date. The Staff cannot continue its analysis without the requested information. Please follow up on this request and advise when we can expect to have the Company's responses. I can be reached at (615) 741-2904, extension 178.

Sincerely,

Pat Murphy
